Instructors Membership Insurance.

The membership fee includes Professional Indemnity, Professional Negligence and public Liability insurance cover @ £10,000,000. All Instructors can run as many clubs as they wish with no extra cost. For this insurance it is required to hold certification in Coaching, Instructing & First-Aid. Also all instructors must be DBS checked. This can be done either through the association or through the local authority. All courses are arranged as required with fees negotiable. Please do not hesitate to contact me for more information on this matter. Our instructor / club membership fee is £30.00 annually this is your personal indemnity insurance cover also which is far cheaper than alternative insurance.

Student Member to Member Insurance.

The membership fee includes licence receipt and member to member insurance cover.

Licence application forms are available on request and can photo-copied. Please contact me for more information.

Gradings.

You are allowed to grade your own students up to 2 grades below your own personal current grade. We recommend at least 3 month between gradings for beginners but again this is your own choice as the club instructor. Between first kyu and Dan grade 6 month is the minimum span of time. Association grading certificates are available for sale as are shodan and nidan certificates.

Please contact me for more information.
